

WATER CAPTURE FACILITY - KEY PROJECT MILESTONES

- On May 3, 2017 City Council authorized the City Attorney to review and the City Manager to sign a CIA with Caltrans to receive State funds to construct a stormwater capture facility at Las Lomas Elementary School, and adopted a Resolution No. 17-14 for the Town of Atherton (Town) to enter in to a Cooperative Implementation Agreement (CIA) with the California Department of Transportation (Caltrans). The link to the staff report is: <http://www.ci.atherton.ca.us/DocumentCenter/View/4217>
- The CIA was executed on May 24, 2017 between Caltrans and Town to construct a water capture facility in the Town of Atherton.
- On May 17, 2017 City Council authorized the City Attorney to prepare and the City Manager to execute an agreement amendment with Richard Watson & Associates (RWA), Inc. for a not to exceed fee of \$85,000 to assist staff with: • Development of a memorandum of understanding (MOU) to address project management, funding, and responsibilities between the Town and the Las Lomas Elementary School District (District); and • Development of a MOU with Menlo Park, Woodside, and Stanford University for ongoing operations and maintenance (O&M) for the proposed storm water capture facility located at Las Lomas Elementary School; and • Provide ongoing project management support during design and construction of the Las Lomas School Water Capture facility. <http://ca-atherton.civicplus.com/DocumentCenter/View/4257>.
- On July 19, 2017 City Council Authorize the City Attorney to review and the City Manager to sign a memorandum of understanding (MOU) with the Las Lomas School District to address project management, funding, and responsibilities for the proposed Las Lomas Elementary School storm water capture facility. <http://ca-atherton.civicplus.com/DocumentCenter/View/4392>.
- On August 1, 2017 City Council reviewed the response from the Las Lomas School District (District) for the proposed Las Lomas storm water capture facility and directed staff to begin discussions with Caltrans to amend the Cooperative Implementation Agreement (CIA) to relocate the water capture facility project to an alternate location, i.e., Holbrook-Palmer Park. <http://ca-atherton.civicplus.com/DocumentCenter/View/4422>
- On September 6, 2017 City Council: Adopted a Resolution No. 17-XX for the Town of Atherton to enter in to a Cooperative Implementation Agreement (CIA) with the California Department of Transportation (Caltrans); and • Authorize the City Attorney to review and the City Manager to sign an amended CIA with Caltrans to receive State funds to construct a stormwater capture facility at Holbrook-Palmer Park; and • Authorize staff to issue a request for qualifications (RFQ) for an engineering design consultant. <http://ca-atherton.civicplus.com/DocumentCenter/View/4483>.
- On November 1, 2017 City Council authorized the City Attorney to prepare and the City Manager to execute a professional services agreement with Tetra Tech Inc., for a not to exceed fee of \$550,000 to prepare only Phase I - Preliminary Engineering Concept Design and estimate services necessary for the Holbrook-Palmer Park Water Capture Facility; 2. Approved a Task Order for Interwest Consulting Group to provide Project Management Services through Preliminary Engineering Concept Design for a not to exceed fee of \$136,200; and 3. Authorized the City Attorney to prepare and the City Manager to execute any necessary amendments thereto. <http://www.ci.atherton.ca.us/DocumentCenter/View/4638>.
- On January 10, 2018 staff presented the Water Capture Project to the Atherton Parks and Recreation Committee for feedback. Many of the committee members and residents in attendance were opposed to the project in the park for various reasons. <http://ca-atherton.civicplus.com/Archive.aspx?ADID=2622>.

- On February 28, 2018 City Council reviewed, discussed and received a presentation on design of water capture facility projects in Lakewood, California. • agenda included: flights to and from LAX • visit to various water capture facilities including: Bolivar Park Water Capture Facility, Mayfair Park Water Capture Project Site, Long Beach Airport Water Capture Project. <http://ca-atherton.civicplus.com/Archive.aspx?ADID=2651>
- On March 7, 2018 staff presented an update on the Water Capture project to the Atherton Parks and Recreation Committee. There were approximately 50 in attendance with many questions and mostly opposed to the project. The majority of the concerns were: the disruption of the park, hazardous materials coming into the park, on-going O&M costs, why this is needed for flood control, why not somewhere else, costs to decommission this facility, why not do green streets instead. <http://ca-atherton.civicplus.com/Archive.aspx?AMID=48&Type=Recent>.
- On March 21, 2018 City Council discussed and provided feedback on the Special Meeting held on February 28, 2018, in Lakewood California, and provided direction that no additional public outreach for the Atherton Water Capture Facility Project was needed at this time pending the 20% concept plan. All the Councilmembers spoke very positively about the visit and how much they learned from the Lakewood projects. There were approximately 15 residents in attendance who voiced their concerns for the project in the Park. The majority of the concerns were: the disruption of the park, hazardous materials coming into the park, on-going O&M costs, why this is needed for flood control, why not somewhere else. <http://ca-atherton.civicplus.com/DocumentCenter/View/4944>.
- On April 18, 2018 staff will be presenting the 20% concept design for review and direction.
